FORGE

Varmora Forge Fasteners, Numerous Applications, Worldwide

Introduction

Varmora Group, the worldwide leader in a Ceramic industry, is the multi-product & multi-location business house. The group is active in ceramics, textiles, fasteners and plastic industries. Its annual turnover is more than USD 190 million.

We, Varmora Forge Private Limited, are fastener manufacturing unit of the Varmora Group. Our main products are hot-forged stainless and alloy steels standard as well as special fasteners i.e. Linear bolts, T-Bolt, U-Bolt, Square Head Bolt, Breakaway bolts, Foundation bolts, anchor bolts, marine fenders.

Established in 2008, in a very short span of time, We emerged as a preferred supplier of end users in Cement, Chemical, Construction, Defense, Marine, Oil & Gas, Petrochemical, Power, Railway and Sugar Industries

Our strategic location in Surendranagar, which is 350 KM from Mundra and Pipavav ports, helps us serve our export customers with prompt shipments. We procure raw materials from leading steel mills located in Gujarat as well as it is easy for us to import difficult to find special steel grades being near to the two large ports.

Most advanced machinery for hot forging, in-house heat treatment facilities and sophisticated machining division help us to deliver right products to our customers as per agreed Specifications We have an inventory of finished products as well as raw materials, which enables us to execute small and big orders within shortest possible time.

Our employees are the backbone of our company. Our technical and commercial staff is working with us since we started our unit. This strengthens our position in the market as our people know in-depth requirements of our customers.

Quality Assurance

Supplying the best quality products and rendering the highest level of services to our customers is our motto. Established manufacturing practices, set quality parameters and regular in process and after process inspections help us deliver products as per agreed quality parameters.

Our Products Range

VARMORA[®]

FORGE

Bolts

Hex Head Bolt, Allen cap, Socket Head, Allen CSK, J -Bolt, U Bolt, Eye Bolt, Linear Bolt, Foundation Bolt, Special Bolt

Diameter range : M8 to M80 diameter and length up to 500 mm long

Thread type : MM, BSW, BSF, UNC, UNF and Fine pitch

Material : Stainless Steel (A2, A4), Alloy Steel (4.6, 5.6, 8.8, 10.9,12.9, B7) and Special Alloys as per customers requirements

Standards : ISO, DIN, IS, BS, ANSI, ASTM

Our Products Range

Nuts

Hex Nut, Lock Nut, Nylock Nut, Breakaway Nut, Dom Nut, Long Nut, Special Nut

- Diameter range : M8 to M80 diameter
- Thread type : MM, BSW, BSF, UNC, UNF and Fine pitch
- Material : Stainless Steel (A2,A4), Alloy Steel (Gr4, 8, 10, 12, 2H) and Special Alloys as per customers requirements
- Standards : ISO, DIN, IS, BS, ANSI, ASTM

Threaded Bars/Stud

Stud, Full Thread Stud, Half Thread, Double ended Stud, Special stud

- Diameter range : M8 to M80 diameter and length up to 3000 mm long
- Thread type : MM, BSW, BSF, UNC, UNF and Fine pitch
- Material : Stainless Steel (A2,A4), Alloy Steel (4.6, 5.6,8.8, 10.9,12.9,B7) and Special Alloys as per customers requirements
- Standards : ISO, DIN, IS, BS, ANSI, ASTM

Washers

Plain Washer, Spring Washer, Flat Washer, Punch Washer, Square Washer

- Diameter range : M8 to M80 diameter
- Material : Stainless Steel (A2,A4), Alloy Steel and Special Alloys as per customers requirements
- Standards : ISO, DIN, IS, BS, ANSI, ASTM
